### **A Traineeship at CEPF Experience international forestry politics up close**

The Confederation of European Forest Owners offers 4 - 6 months traineeship at the Brussels liaison office. The organization represents the European family forestry and promotes the interest of forest owners in Brussels and beyond. As a trainee you will assist in the day-to-day liaison office work. This includes the participation at meetings in European institutions, including the European Commission, the European Parliament, Economic and Social Committee, preparation of the meeting documents, analysis of policy papers as well as other activities defined on an ad-hoc basis.

The traineeship will provide a valuable experience, knowledge of the EU working procedures and international forest policy processes. We appreciate the interest of forestry students with an international outlook as this strengthens both the relations between academia and CEPF activities. Knowledge on forestry in different parts of Europe will be highly evaluated.

Candidates are expected to have educational background in forestry, preferably approaching a graduation. The trainee is expected to have good communication skills and willingness to work as a team member. Fluency in the English language is required.

The traineeship is unpaid, but support will be provided for travel and accommodation cost in relation to the post. There is no deadline for the application and candidates are being considered on a continuous basis.

Candidates will be selected after an evaluation of the applicant's merit and skills, matching the applicant's profile to the trainee placements available. The evaluation will be based on the information provided in the application.

For more information please consult CEPF homepage: [www.cepf-eu.org](http://www.cepf-eu.org) or contact the office:
